Hiring Manager
Pollard Banknote Limited
140 Otter St, Winnipeg, MB R3T 0M8
Winnipeg, MB

Dear Hiring Manager,

Re: Application for the Project Coordinator position

I am excited to apply for the Project Coordinator position at Pollard Banknote Limited. With over 2 years of experience supporting technology projects in fast-paced, deadline-driven environments, a bachelor's degree in computer science, master's in information management and an advanced diploma in technology management. I bring a combination of technical and management skillsets for an innovative product driven environment.

Through my professional experience, I have honed my adaptability skills while working within agile teams and using various tools, ability to support project leaders make decisions faster by applying effective communication strategies and collaborating with development teams to build products that meet customer expectations.

I am particularly drawn to this role because it allows me to harness my technical skills in software engineering and technology management knowledge for streamlining development processes. This allows me to easily adapt and see the full picture while working through software development life cycles, ensuring development teams stay organized and products are built right for all stakeholders.

I first connected with Pollard Banknote at the University of Manitoba Asper School of Business career fair back in 2024. Ever since then, I became more interested in contributing to your team. Especially after learning more about Pollard Banknote's combination of innovation in creating digital and interactive lottery experiences. As someone based in Winnipeg, the opportunity to contribute to game development projects across multiple customers at a global scale is truly exciting.

I look forward to discussing further on how my skills, knowledge, experience and career aspirations aligns with the duties and skillset for this role.

Sincerely,
Joshua Blue-Jack
