Dear JOSHUA TAMUNOKURO BLUE JACK,

This is in reference to your application for permanent residence in Canada.

This is to address my concerns with discrepancies in your declared foreign work experience in your current application for permanent residence and a previous application.

In your current application (E003805930) received 2025/12/15 you declared the following foreign work experiences with NOC 13110:

2021/03 to 2022/03 > Federal Inland Revenue Service - Administrative Assistant (Tax Controller Support)

In a previous application (E002492498) received 2022/06/16 you declared the following foreign work experience with NOC 21730:

2019/03 to 2022/02 > Office Machines Nigeria Limited, Federal Inland Revenue Service - Software Engineer

You have declared work experience with similar employment dates with two completely separate NOC's with two completely different job titles that carry very different job duties.

Section 16 (1) of the Immigration and Refugee Protection Act states that a person who makes an application must answer truthfully all questions put to them for the purpose of the examination and must produce a visa and all relevant evidence and documents that the officer reasonably requires.

Please note that if it is found that you have engaged in misrepresentation in submitting your application for a permanent residence, you may be found to be inadmissible under section 40(1)(a) of the Immigration and Refugee Protection Act. A finding of such inadmissibility would render you inadmissible to Canada for a period of five years according to section 40(2)(a):

40(1) A permanent resident or a foreign national is inadmissible for misrepresentation
(a) for directly or indirectly misrepresenting or withholding material facts relating to a relevant matter that induces or could induce an error in the administration of this Act
40(2) The following provisions govern subsection (1):
(a) the permanent resident or the foreign national continues to be inadmissible for misrepresentation for a period of five years following, in the case of a determination outside Canada, a final determination of inadmissibility under subsection (1) or, in the case of determination in Canada, the date the removal order is enforced.

Therefore I am asking you to submit any additional information/documentation and explanation that would allay my concerns. I am providing 14 days from the date of this letter for you to submit the additional information. You must upload the requested documents/information by using your IRCC secure account within the time frame indicated above.
